Houston, TX, March 27, 2017 ----Capstone Financial Services, Inc. and the Steward Funds are pleased to announce that the Steward Global Equity Income Fund Institutional Class (SGISX) has earned the Lipper Fund Award for Best Global Equity Income Fund for the third year in a row.

The U.S. Lipper Fund Awards recognized the Fund on March 23, 2017 for delivering consistently strong risk-adjusted performance, relative to its peers, for the 5-year period¹. Chosen out of 22 others, the Fund achieved the highest Lipper Leader for Consistent Return value over an individual time period in its classification.

This award highlights Capstone's expertise in the Global Equity Income asset class. "In the current market environment, winning this award is a testament to the methodology and discipline of our process," said John Wolf, Managing Director of Equity Investments. "A dividend strategy that allows for an international allocation has more flexibility for higher income and increased diversification than a domestic-only portfolio."

The Steward Global Equity Income Fund is part of a values-based screened fund family which seeks to provide income and long-term capital appreciation by employing a four-step process that combines dividend income style with relative risk controlled portfolio construction and a cultural values screening process.

Capstone Asset Management Company (a subsidiary of Capstone Financial Services, Inc.) is the exclusive manager for the Steward Funds. The Steward Funds are a family of values-based screened funds that seek to provide income and long-term capital appreciation. The Funds apply a cultural values screening policy based on widely held traditional values, avoiding companies materially involved with pornography, abortion, alcohol, gambling and tobacco. The Steward Funds offer a full range of investment solutions.
